

UltraMeal® Rice

Nutritional Support for Healthy Body

Composition

Form: Array

Flavor:

Size:

UltraMeal® Rice is formulated to nutritionally support a healthy body composition.

This nutritional drink features:

- 12 grams of rice protein: an easily digestible source of protein suitable for those who want to avoid soy and milk products.
- Essential vitamins and minerals, including high levels of B vitamins.
- Excellent non-dairy source of calcium (600 mg per serving).
- Calcium L-5-methyltetrahydrofolate (5-MTHF)—the biologically active form of folate.
- Convenient and great-tasting shake with 160 calories per serving.
