

# PEA Relief™

Palmitoylethanolamide (PEA)  
with organic, full-spectrum  
hemp extract

An estimated 126 million (55.7 percent) American adults reported some type of bodily discomfort in the previous three months.<sup>1</sup> Minor pain can have a noticeable negative impact on those afflicted, with effects including sleeplessness, decreased activity, and mood changes, thus affecting their wellbeing and quality of life. Approaches to mild pain relief remain limited, and more holistic approaches remain a point of public interest.\*

Now there's a way to relieve mild pain with a more holistic approach.\*

## Introducing PEA Relief

PEA Relief is a patent-pending formula designed to relieve minor pain. PEA is a compound the body makes to cope with bodily discomfort. PEA Relief combines PEA with a proprietary, organic, full-spectrum hemp extract.\*

## Why PEA Relief?

- **Scientifically studied:** PEA has been the subject of numerous clinical studies performed on thousands of people worldwide, with results that support its clinical potential and safety.\*
- **PEA has been shown to:**
  - o Support bodily comfort\*
  - o Increase subjective measures of quality of life\*
  - o Modulate biochemical pathways associated with the immune system, which may support immune response\*
- **Prolonged relief:** In a preclinical study, the unique combination of PEA with a proprietary, organic, full-spectrum hemp extract found in PEA Relief prolonged the presence of PEA in the body.\*<sup>1</sup>
- PEA Relief uses Levagen+®, a cold-water dispersible version of PEA. This award-winning technology helps increase bioavailability. Levagen+ has clinically shown to be rapidly absorbed and with more absorption than standard PEA.
- Patent-pending formula

**Serving Size:** 1 Softgel

**Servings Per Container:** 60

Calories	5
Total Fat	0.5 g
Palmitoylethanolamide (PEA)†	300 mg**
Organic Full-Spectrum Hemp (Aerial Part) Extract	70 mg
Proprietary Blend of Black Pepper Fruit and Clove Bud Oils	3.75 mg

\*Percent Daily Value (DV) is based on a 2,000 calorie diet.

\*\*Daily Value not established

**Ingredients:** Palmitoylethanolamide powder [palmitoylethanolamide, fractionated coconut oil, lime oil, olive oil, polyglycerol polyricinoleate, lecithin (sunflower and/or oat), dl-alpha tocopheryl acetate], softgel shell [gelatin, glycerin, water, and carob extract (color)], organic hemp oil blend (hemp extract, black pepper oil, and clove oil), organic hemp seed oil, and sunflower lecithin.

**Directions:** As a dietary supplement, take one softgel twice daily or as directed by your healthcare practitioner.

**This product is non-GMO and gluten-free.**

**Caution:** If pregnant, nursing, or taking medication, consult your healthcare practitioner before use. Keep out of the reach of children.

**Notice:** This product is sourced from industrial hemp, which does not exceed 0.3% THC concentration (dry weight).

**Storage:** Keep tightly closed in a cool, dry place.
